Code Enforcement Officer Bourgoine stated that the Town had erroneously omitted a provision from its earlier law prohibiting the erection of a detached accessory building in front of the principal building on a lot.
After much discussion, it was decided to amend the new zoning law so as to allow accessory buildings to be built ahead of the principal building in a way to not be off to the side, but in front of the primary structure. Town Attorney Colella will write up this change to the law and have it ready for the March Regular Board Meeting. The Board will act on it at that time.
Attorney Colella stated that a Snowmobile Ordinance enacted in 1972 is out of date and does not conform with the New York State law. He informed the Board that they should repeal the ordinance. He will have a document to that effect at the March Board Meeting. Attorney Colella stated that he is continuing to review the Towns local laws and will advise the Board if additional actions need be taken.
